

Jinchuan International is included in the Hang Seng Composite Index

On August 10, 2018, Hang Seng Indexes Company Limited announced the Hang Seng index series review results of the first half of 2018. Jinchuan Group International Resources Co. Ltd (HK stock code: 2362) has been officially included in the Hang Seng Composite Index, at the same time to be included in the Hang Seng Stock Connect Hong Kong Index, Hang Seng Stock Connect Hong Kong MidCap & SmallCap Index, Hang Seng Stock Connect Hong Kong SmallCap Index, Hang Seng SCHK Mainland China Companies Index, Hang Seng SCHK ex-AH Companies Index. The total constituent stocks are 492 after adjustment, with 33 constituent stocks added and 25 constituent stocks removed. All the above changes will take effect from September 10, 2018.

With the recovery of commodity prices, Jinchuan International has achieved initial results of "improving quality and increasing efficiency", and its business performance has been significantly improved. At the same time, through the clear company development strategy, the introduction of strategic investors, the optimization of equity structure and the conversion of \$1.085 billion PSCS (Perpetual Subordinated Convertible Securities) in the first half of this year, Jinchuan

International has further expanded the tradable shares, optimized the market trading volume and improved market capitalization greatly. Jinchuan International has attracted more and more attention from capital market.

This is also further gaining the recognition and confidence from the capital market for Jinchuan International after it was included in the MSCI China Small-Cap Index in November 2017, which will attract more potential investors' attention to Jinchuan international and help expand its investor base.
